Subject: Oil and Gas overview briefing for Patrick Trailer

Any reason why we shouldn't try to get on Patrick's calendar to go through the slide deck we have (the one we presented to Justin when we first were trying to get approval for the Chesapeake and Encana 114s). I think it would be useful for him to have a broader energy extraction briefing. It really should come before the Thursday meeting with region 8 but the timing on that doesn't work out. Can you ask Susan about trying to schedule something?
